

St Luke's Science & Sports College

STARGAZING LIVE

Spend an evening with the stars with the St. Luke's Stargazing Live! On February 10th, the Physics Department will be opening its doors for an evening of astronomy and space science for all the family.

- Visit the space odyssey mobile planetarium offering a spectacular 360° digital planetarium experience which should excite adults and children alike. Shows throughout the evening.
- Experience stargazing first hand with the new St. Luke's 350mm computerised telescope, with views of stars, nebulae and even other galaxies!
- Get hands on with the St. Luke's Space Club with practical activities including rocket building, making your own planisphere, learning to navigate the night sky and more.
- Win some out of this world prizes in the astro-affle and space quiz.

For more information about the event, check the school website. Please register and be kept up to date, email mr.pepperell@st-lukes.devon.sch.uk

There's a whole Universe of incredible wonders above your head, isn't it time you looked up?
